

The Amway Online Tutorial

How to set up //

**AMWAY
WEBSITE LOGIN
CREDENTIALS**

After the launch of the new Amway Online, all ABOs and Customers will be asked to create an Amway ID to access the new site. There are 3 steps to signing in to the new Amway Online website but you need to do this only once.

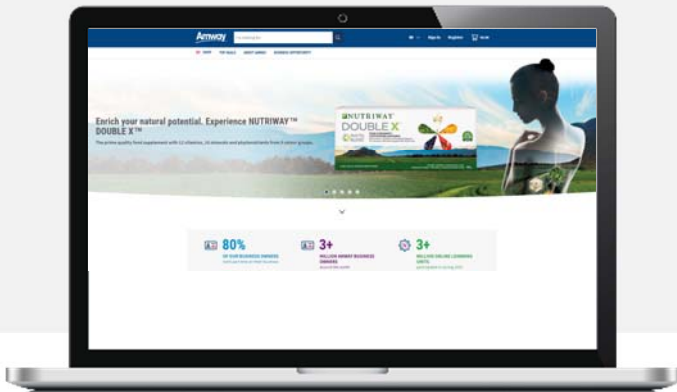

Please ensure you have the following before starting this process:

- a valid **email address** that you have access to
- your **Amway Business Owner number** and **PIN** or your current **Amway Online UserID** and **password**

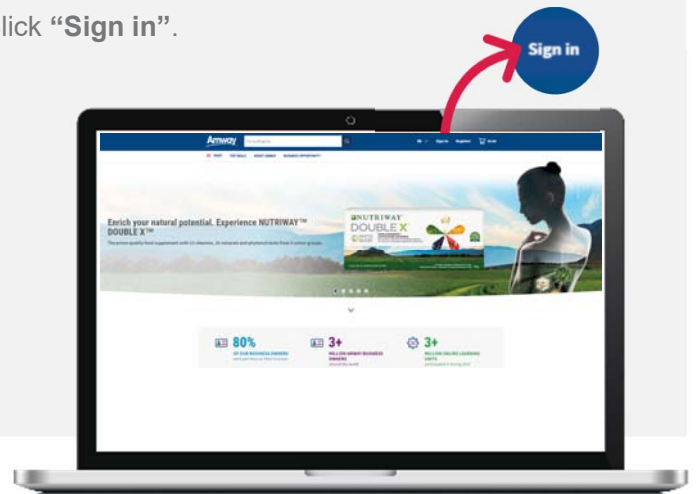

- 1. Create an Amway ID**
- 2. Confirm your Amway ID**
- 3. Connect your new Amway ID to your existing Amway account**
- 4. Signing in in the future**

1. Create an Amway ID

Go to the Amway Online website.

Click "Sign in".

A message will pop up on your first visit to the site that prompts you to create a new Amway ID. Click "I don't have Amway ID"

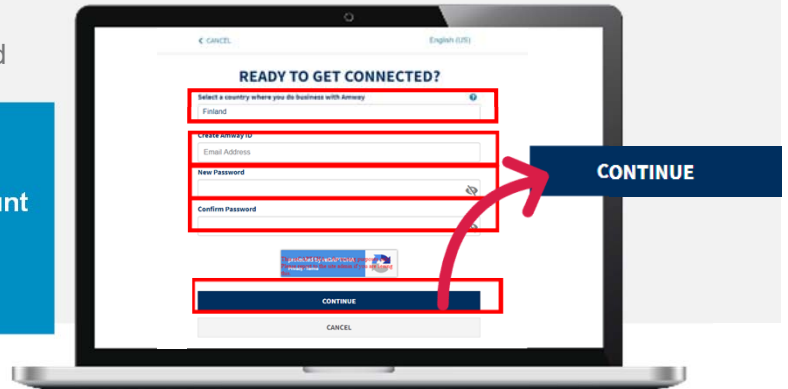

You are redirected to the "Create an Amway ID" screen which will be in the same language as when you were viewing the Amway Online site. If not, there's a dropdown list at the top of the page to select a language.

1. Select your country from the **Select a Country** dropdown
2. In the **Amway ID** field type an email address to use as your new Amway ID username (see note below)
3. Type a password in the **New Password** field
4. Retype the password in the **Confirm Password** field

NOTE: Your Amway ID can either be the same email address that you have for your Amway account, or a completely new one. **Make sure it is an email account you can access** because you will receive an email message to validate it. It must be unique and not connected to someone else's Amway ID.

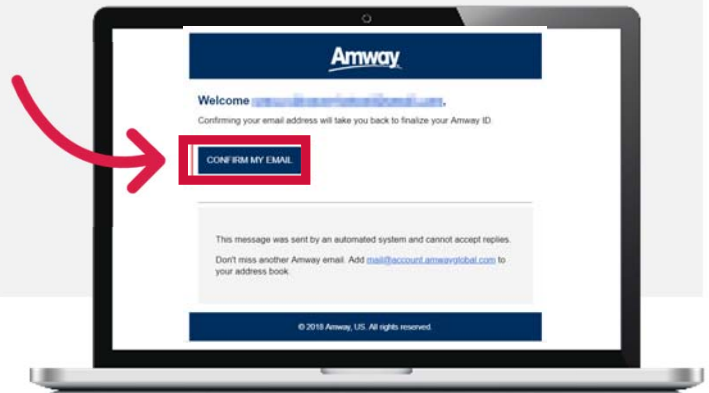

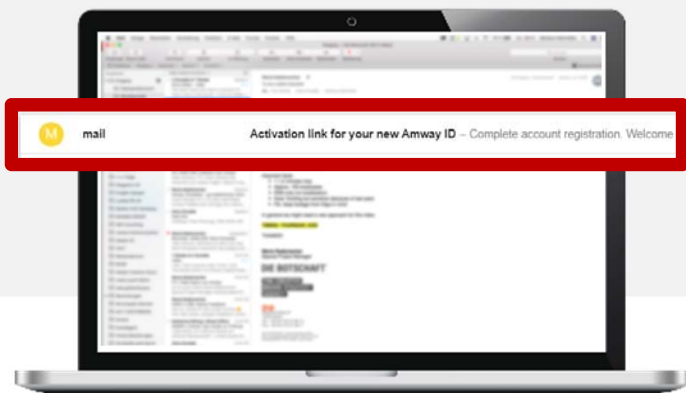

Click **“CONTINUE”**

2. Confirm your Amway ID

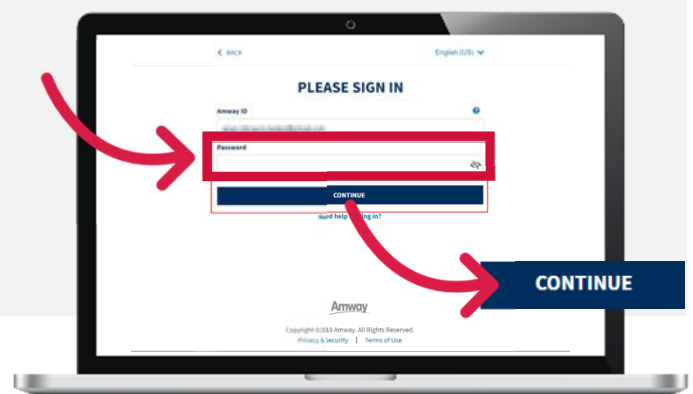

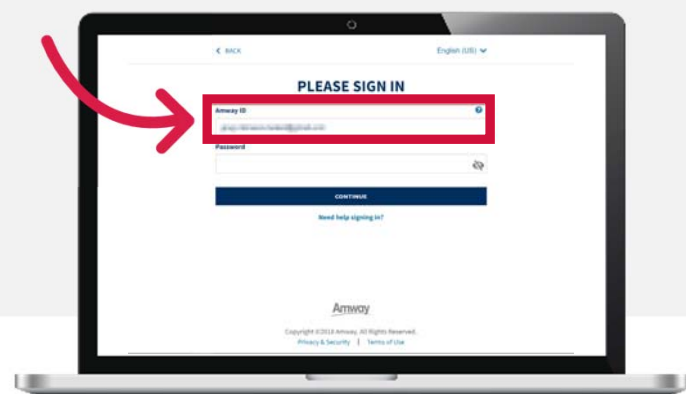

Go to your email application and locate the email from Amway with the following title:

Open the email and click **“CONFIRM MY EMAIL”**.

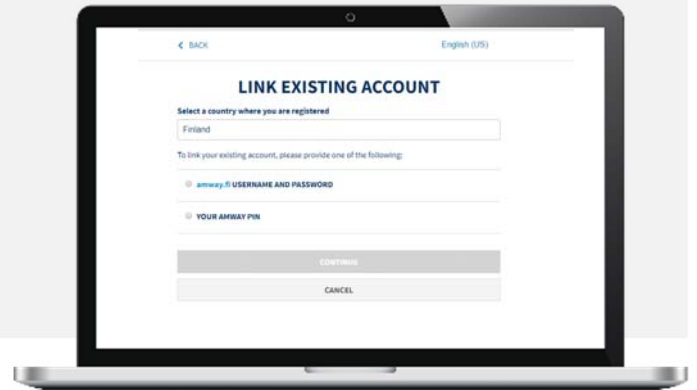

You are directed back to an Amway ID sign in screen, which displays your new username (Amway ID).

Type a new Amway ID password and click **“CONTINUE”**

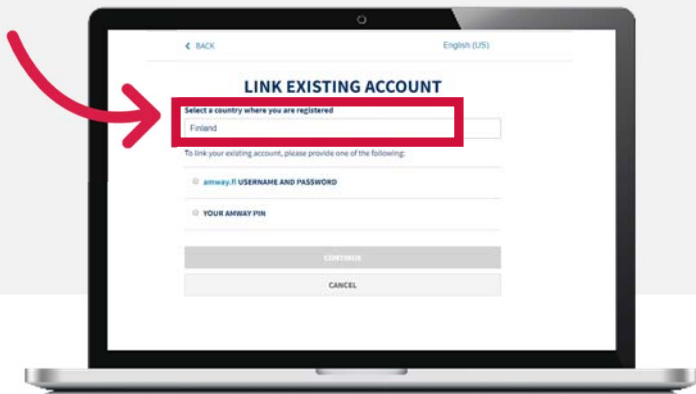

The “**LINK EXISTING ACCOUNT**” screen is displayed, you now need to connect your new ID to your existing Amway account.

3. Connect your new Amway ID to your existing Amway account

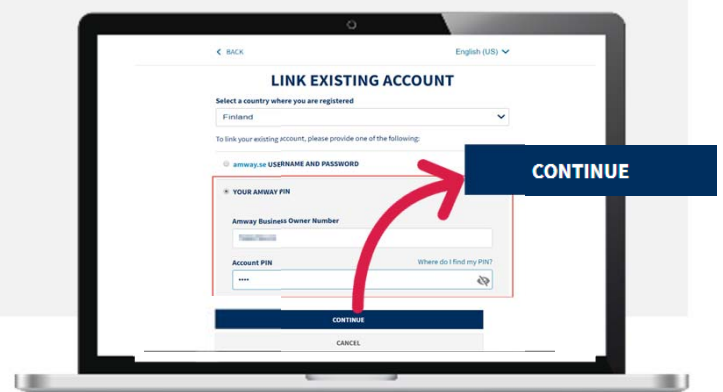

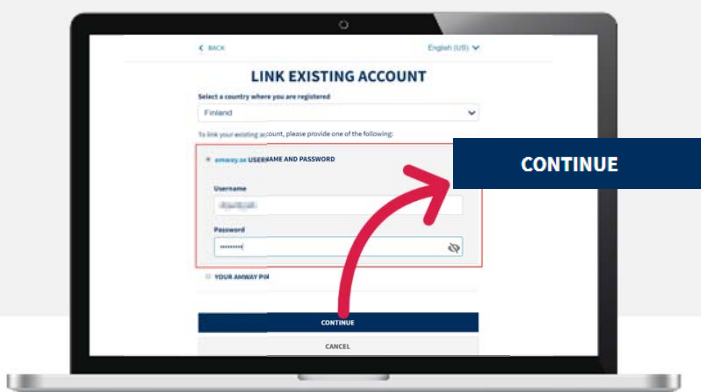

Select a country where you are currently registered.

The screen will update to show two options for entering current Amway:

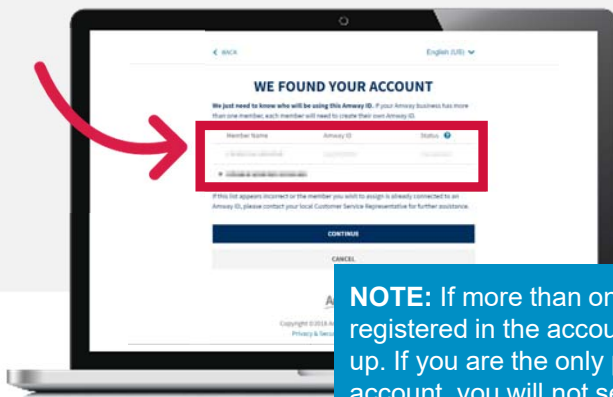

Option 1: Enter your OLD Amway Username & Password, then click “**CONTINUE**”.

Option 2: Enter your old Amway Business Owner number & Account PIN, then click “**CONTINUE**”.

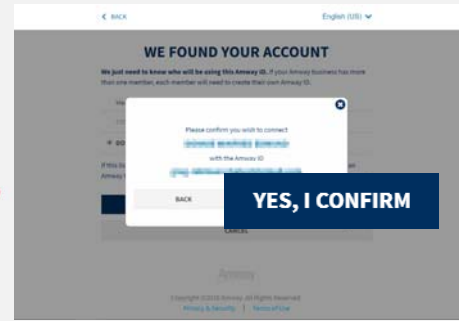

The “**WE FOUND YOUR ACCOUNT**” screen is displayed. Select your name from the list and click “**CONTINUE**”.

Check the details and click “**YES, I CONFIRM**”.

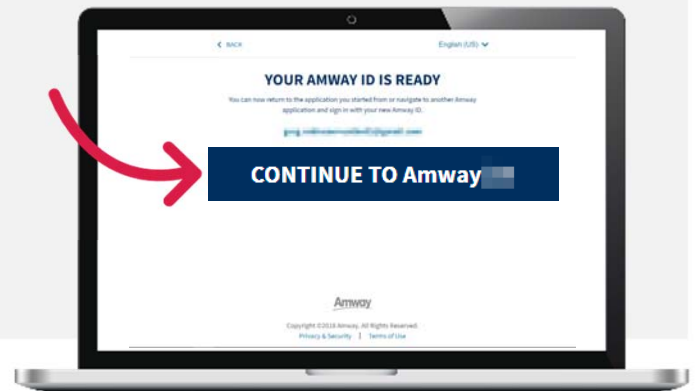

NOTE: If more than one person is registered in the account, a list will pop up. If you are the only person on this account, you will not see the list.

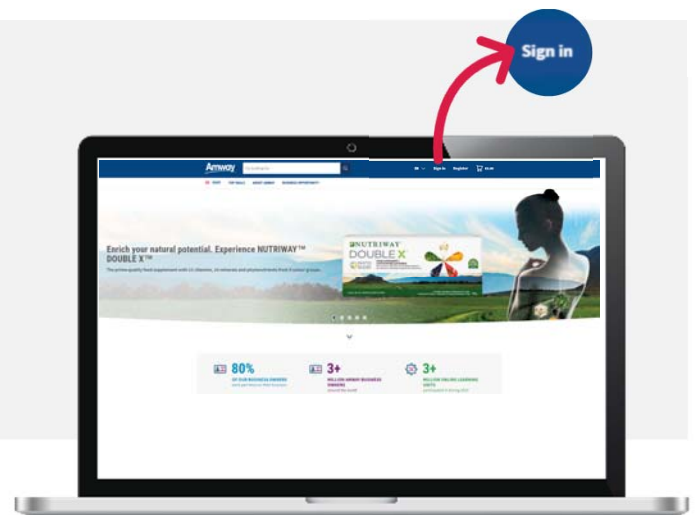

The “**YOUR AMWAY ID IS READY!**” screen is displayed.

Click “**CONTINUE TO Amway...**” and you will be directed back to the Amway Online website and logged in.

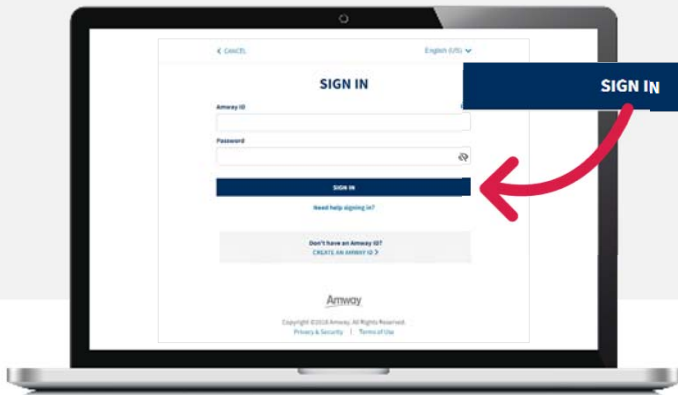

4. “To Log In” in the future

Go to the Amway Online website and click “**Sign in**”.

Type your new Amway ID and password, then click **“SIGN IN”**.

Once you provide the correct Amway ID & password, you will return to the new Amway Online as signed in.
